NOTE FOR: A/DCI

o Harry and Jim McDonald are at an all-day IBM seminar so I don't know how they feel about OP's view (left side of folder) that we should put the case for all U.S. Government, not just CIA non-CIARDS. If we did that, I strongly suspect this will never get off the ground.

o You should know that [redacted] has let us know, through [redacted] that he would not welcome this appeal. Allegedly, he would provide for the CSRS folks by expanding CIARDS. It would not solve the problem to bend the CIARDS system for those who don't qualify.
